

the Center for Better Hearing
Listening for Life ... A Practice for All Ages

FEBRUARY 2019

This is your year ... This is the your time

Better Hearing is Possible

HEARING AIDS AND WHOLE HEALTH INTEGRATED SENSORS

ARTIFICIAL INTELLIGENCE/MACHINE LEARNING

- WELLNESS tracking
- ACTIVITY tracking
- BRAIN HEALTH ... wearing time/social engagement/active listening
- HEALTH tracking ... fall detection
- LANGUAGE translation
- TELEHEALTH services through smart phones ... direct hearing aid adjustments from cloud based technology APPs
- STREAMING from Bluetooth enabled devices
- WIRELESS accessories for remote mics and television

Technology brings more options and need for education and information. Please let us know what questions an Audiologist can answer to help make an informed decision for better hearing.

SOUND HEARING. SOUND BODY. SOUND MIND.

3500 N Rock Road, Bldg 1200, Wichita, Kansas
